Hey Sarah, I wanted to bring SR # 1-1623498741 to your attention. LACC did a cleanup and left about 20 trash bags on the street on Mullholland heading towards Topanga Canyon Blvd.

Hello Mrs. Ezquivel,

It appears the LACC team came out to Mulholland Driven and cleaned 1 block Between Louisville High School and Alizondo Drive. They did not continue down towards Topanga Canyon to complete removing the debris from the street and gutters. They left behind approx 20-30 trash bags on the sidewalk . There hasn't been anyone to pick them up in over 1 week and some of the bags have been moved and thrown around (possibly by homeless people) can you or someone from Mr. Blumenfield's office look into this asap .

Thank you for your effort ,if I sound frustrated -I am- only because the bureaucracy ,red tape and requests a citizen has deal with in order to get some thing as simple as this to be accomplished by this city is incredible!!!

Hello Mrs Ezquivel,

In your last message you mentioned you were going to drive out and take a look at the situation on Mulholland Drive. Have you had a chance to come by ?

The issue still has not been resolved and Im curious what is the status with street cleaning?

Best regards,

Hello Mrs. Esquivel,

Thank you for your quick response to my request. The street cleaner cleaned the gutter/area in front of Louisville High school today ,but did not continue cleaning down Mulholland Drive toward Topanga Canyon. Most of the pine needles ,trash and debris were swept down the street and will cause the remainder gutters to back up on Mulholland Drive.

Can you have a crew come out to shovel or physically remove etc.,all of this debris from the exit driveway at Louisville High down to Topanga Canyon Blvd.?

Thank you,

Louis Keyes.

Louis Keyes left feedback on [Contact Bob](#)

"Hello, This is my second email with no response...regarding the flooding on Mulholland Drive in front of Louisville High School. The gutters need to be cleaned along with all of Mulholland Drive between Topanga and Mulholland Highway . There is a build up of pine needles ,branches and trash that have accumulated from lack of street sweeper cleaning maintenance. Every time it rains the street completely floods and is a hazard to motorist . Can someone from your office contact Street Maintenance to address this issue before there is a tragedy due to this flooding. "
